About This Game

Goat Life is an unusual 2D platformer with elements of survival in which you have to go through a variety of levels for a goat. The goat loves to eat cabbage from farm beds, this led to the fact that farmers placed traps in all fields and now the goat needs to be careful. Your main task in this game is to collect certain items on the level and avoid contact with the traps. After you collect all the items on the level, the door to the goat's house opens, passing in which you go to the next level. Be careful, because the goat has only one attempt to pass the level.

BEST GAME GOTY FOR SURE 10/10. Very good game, definitely recommend it! I love the death animations, best death animations ever.. I was a lvl 1 goat when I started this game, 10 minutes in and I beat the game and I am now a lvl 35 goat fecker.

Thats how Goat Simulator works, wait a sec. wrong game.

10/10 Wouldn't play again.. Totally worth the 10 cents with the -90% coupon. Otherwise... I mean if you got money.. its a decent time killer.. awful game. i only got this game as a joke n a missin to find the worst game on steam, and sucseedid! Also why on EARTH would people pay money for this?. Completed all levels in 18 minutes... only 12 levels inside! :(Easy to master, very simple physics.

It's a fun, one hand needed game, jumping around pretending a hungry goat avoiding halloween pumpkins and other stationary, but one touch to die objects.

Controls are arrow up-down-left-right, and that's all!

Dev plz add some new levels so it worths it's money.

. A genuinely fun game if you love speedrunning: Average duration: 5-10 minutes.. I sure do love me some goats.

If you're old (like me) and remember Manic Miner and other ZX Spectrum games from the 80s, this is for you. Well worth the 79p I've just paid.. Uhhhhh, Well this certainly an odd one. The video pretty much sums up my review of 4/10. Cheap. can be challenging and fun.. It says the game is \$4 so that's pretty crazy considering i beat the game in less than 20 minutes. Completed all levels in 18 minutes... only 12 levels inside! :(
